About Me

I'm a passionate full-stack developer skilled in JavaScript, React, Node.js, Redux, and Express. I specialize in building responsive web applications and solving problems with innovative solutions, continuously learning to enhance my expertise and contribute effectively to projects.

Experience

Evangadi tech

I completed a 6-month intensive education in full-stack JavaScript, focusing on React, Node.js, and Express. During this time, I built practical projects, gaining hands-on experience in developing responsive web applications and backend systems in real-world environments.
